A new desire for pleasure

The art of conscious, mindful eating is finding more and more followers. So is the idea of not living today at the expense of tomorrow. For us as developers of modular presentation systems, sustainability is a cornerstone of our philosophy.

In times of changing consumer behavior, it is crucial to present good food in the right way. From **food retailers** to **butchers** to **restaurants**, many industries are looking for strategies to find and retain new customers and guests.

An attractive presentation of your culinary delicacies is crucial for success. It attracts your target group, arouses curiosity and tempts them to try your products.

Our recommendation for your fresh food counter: **modular systems in the presentation of goods** that promote communication points to people. They support a targeted design that can be changed quickly and flexibly to suit your inventory and processes – because the arrangement system is intuitive and easy for your employees to handle without prior knowledge.

Living sustainably: Our durable products, manufactured in Germany, and a new, eco-friendly company facility make us fit for the future. The most recent **innovations in our line of approximately 1,200 products** include organically shaped bowls and plates as well as additional surfaces.

Sincerely

Christian Priebe
Managing Director PricoPlex

We have recently published „**The 10 Rules of sales-promoting counter presentation**“ in the trade press. You too can benefit from our tips for your sales – simply send an e-mail to office@pricoplex.com with the keyword „10 rules“ or request it online:

We show the best side of food

We at PricoPlex promote the demand for fresh food. For this purpose, we develop modular counter systems and modern tableware with extremely long service life. This makes us a reliable partner in the field of professional food presentation.

As an interior designer for the fresh food counter and supplier in the tableware sector, we produce flexible presentation systems for leading food professionals. We are committed to sustainability in all aspects of production and manufacture directly in Germany.

Whether Display Tray, Display Deep Tray or Counter Top: Our products are impact resistant, easy to clean and even recyclable. Their modular character guarantees optimal space utilization. We offer individual plans for near 100 percent use of your display space.

SUSTAINABILITY

Focus on long product cycles and resource conservation

For us, this means sustainability: innovative product policy, conscious use of resources, energy and raw materials, responsibility for people and nature, and a long-term after-sales guarantee. For a positive and successful future for you and your/our industry.

Christian Priebe
Managing Director

From the raw material source to the production process, service life and disposal management, our plastics meet the requirement to be sustainable.

TRACEABLE PRODUCT PATH

From raw materials to production and disposal management - we rely on transparent paths for each individual development step. In this way, we guarantee consistently high quality and safety for all partners.

SAVE RAW MATERIALS AND PROTECT RESOURCES

Sustainability is deeply rooted at PricoPlex. The high-performance plastics we utilize have a long service life, and 50 percent of the raw materials are produced with the help of green electricity. Saving resources and allowing low-emission production of our products.

MANUFACTURING IN GERMANY

We produce using injection molding and vacuum thermoforming processes in Bavaria. This means we can rely on high-quality ingredients, good working conditions and compliance with environmental regulations. The production process is primarily based on green electricity.

EXTREMELY LONG SERVICE LIFE

The average life of our plates and Trays for professional food presentation is significantly longer than similar products. The materials we use are break and shock-resistant and suitable for cleaning in the dishwasher.

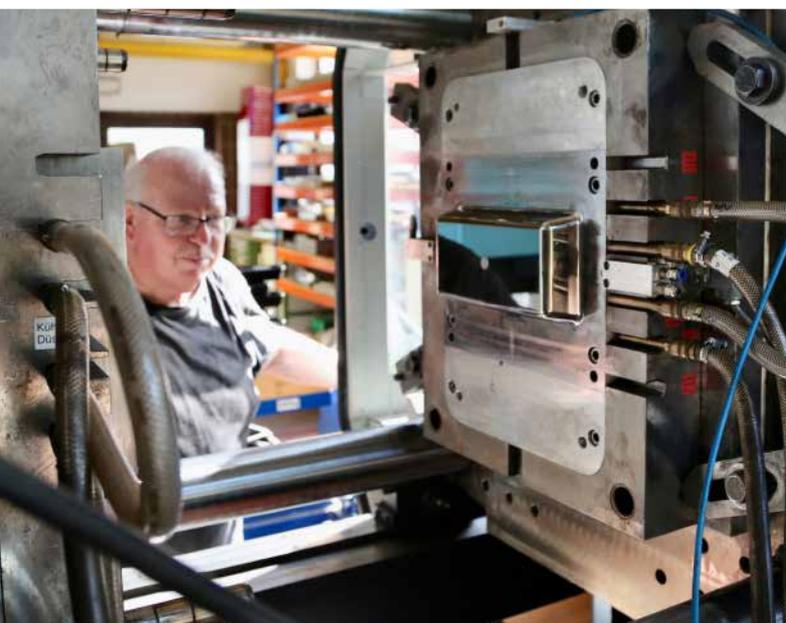

GREEN HEAD OFFICE

Emissions reduced at the site: Our company building is fed by geothermal energy and our in-house PV system. The green roof filters the air, can temporarily store water and provides cooling and insulation for the offices.

ACTIVE RECYCLING MANAGEMENT

Unlike other plastics on the market, the materials we use can be recycled. For this purpose, we offer to reliably return your discarded products to the raw material cycle.

INJECTION MOLDING

THERMOFORMING

PRODUCTION

Best raw materials sourced under strictest controls for quality products

Sourcing and processing as a top team: We obtain our raw materials from competent development partners. The carefully controlled production takes place in the production facilities of a German family-owned company.

Depending on the requirements of the respective product, we use two different manufacturing processes: In the deep-drawing process, the elements are drawn into the shape of hollow bodies. In the injection molding process, granules are injected into a mold under high pressure. The result: extremely dimensionally stable parts in particularly efficient production – this is how raw materials are used sensibly.

MANUFACTURING PROCESS

- ✓ Raw material conservation
- ✓ Very high strength
- ✓ Effective use of materials
- ✓ Complex shapes possible
- ✓ High process control

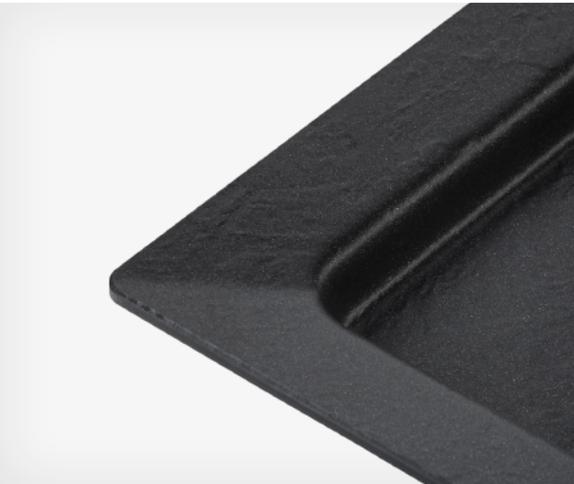

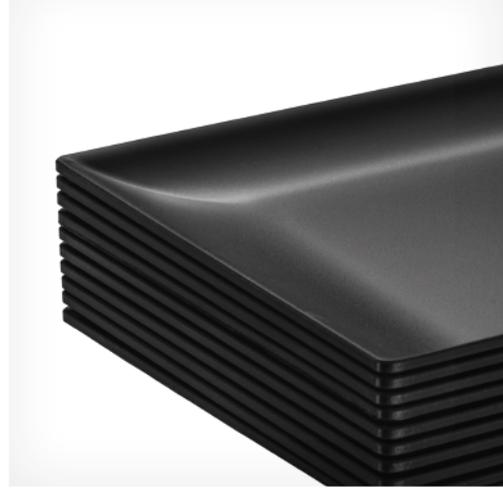

SUSTAINABILITY

-  We consciously rely on technically high-quality and recyclable materials.
-  Production residues are recycled back into the production of raw materials as part of a sustainable, circular economy.

office@pricoplex.com

QUALITY & DURABILITY

Highest quality and functionality from the beginning

Fresh and quality food should be presented in a high-quality manner. This is achieved particularly effectively with products made of our robust plastic, as they guarantee the highest visual appeal and best service life.

Our unbreakable counter and buffet equipment in the flexible modular system is available in expressive shapes, colors and surfaces. Since our foundation in 1953, we have optimized both the selection of materials and processing methods, relying on modern manufacturing in Germany. The result: easy-to-clean and at the same time very robust and optically appealing solutions.

THE MATERIAL

-  food safe
-  impact and breakage resistant
-  easy to clean
-  dishwasher safe
-  marinade resistant
-  temperature resistant
-20° to +85°C
-  recyclable

YOUR ADVANTAGES

- ✓ Sustainable through longevity
- ✓ Best materials and workmanship
- ✓ Attractive surfaces
- ✓ Stackable to save space
- ✓ Modular combination options
- ✓ Long-term repurchase guarantee

Leading food professionals rely on quality from PricoPlex:

and many more

EXPERT TIP

Rainer Koch
PricoPlex
Customer Consultant

“The Honeycomb-Bottom Insert prevents discoloration of the meat over a long period of time. For beef, according to customers, this is about 72 hours. This means you can offer the meat fresh for much longer. This is particularly sustainable, saves time and, of course, money.”

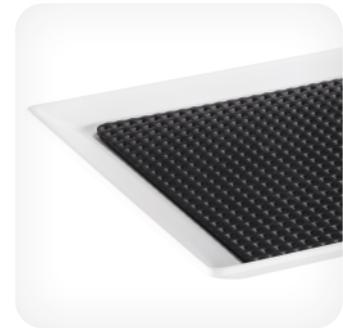

PRODUCT HIGHLIGHT

Patented Honeycomb-Bottom Insert as a freshness kick for your meat presentation

You're probably familiar with this: When meat sits in the deli counter for a long time, it develops a gray underside. To prevent this, we have developed special patented Honeycomb-Bottoms. In this way, the meat is also ventilated from below.

A welcome side effect is that small amounts of escaping meat juice are no longer visible with this technology. If your Display Trays and Deep Trays are equipped with Honeycomb-Bottoms, there is no longer any need for a paper insert. In terms of color design, Honeycomb-Bottoms can either be „tone in tone“ or provide a color contrast. For visible freshness and an effective workday.

YOUR ADVANTAGES

- ✓ Natural meat color remains intact
- ✓ Optimized storage
- ✓ Escaping meat juice disappears and enables an appetizing presentation
- ✓ Dishwasher safe

SUSTAINABILITY

-  Steak paper inserts are eliminated, thus waste is consistently avoided
-  Reusable again and again

EXPERT TIP

Michael Keller
Master butcher,
meat sommelier and hunter

Best quality is recognizable at first glance:
High-quality meats are immediately recognizable
as such when presented on elegant platters. A
Slate or Wood look, for example, is ideally suited
for regional and international specialties.

EXPERT TIP

Fritz Gempel
Management consultant
and master butcher

A skilful mix of clear lines and targeted visual interruptions are the optimum in the fresh food counter. Once it has been thought out, every store can have the same layout.

MODULAR SYSTEM

The modular system – clever, sophisticated and flexible modular principle

Counter equipment with a comprehensive and adaptable system: Today, effective solutions that save time and personnel are in demand. Our systems are just what you need to adhere to the „principle of order“ and yet remain as individual as possible. The multiple benefits: Your goods display looks structured and appealing. At the same time, you have more time for your actual tasks.

And this is how the modular system works:
For different counter depths, you use Display Trays and Trays in a coherent grid – perfectly combined so that you also gain space and order. This allows you to use your service counter efficiently and create targeted demand.

- ✓ Structured appearance
- ✓ For gapless placement
- ✓ Variably adaptable to quantity of goods
- ✓ For different counter depths
- ✓ Easily adaptable in store operations
- ✓ Intuitive system requires no special training

SY 8.0 **System 8.0** for counter depths from 800 – 840 mm.
 All sizes included can be combined with each other and guarantee easy and efficient use.

SY 8.4 **System 8.4** for counter depths from 840 – 870 mm.
 All sizes included can be combined with each other and guarantee easy and efficient use.

SY 8.7 **System 8.7** for counter depths from 870 – 900 mm.
 To exploit the potential of very deep deli counters, use this specific system.

GN /Gastronorm
 Ideal for fresh food counter, buffet, party service and catering area. With 16 different GN dimensions, replace heavy stainless steel containers whose corner radii often do not match.

Look for the page marker in the upper left corner!

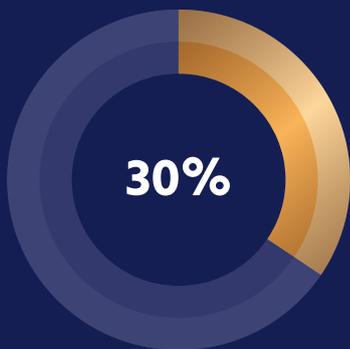

Added value through System equipment

Stimulate Spontaneous Purchases

Half of all purchasing decisions in retail are made spontaneously on the spot. Stimulate them with an attractive presentation of goods!

Create time savings

Save around one third of your service time at the counter. Guide your customers through your assortment with a targeted design!

Counter utilization use

With our individual counter concepts you create a nearly 100 percent utilization of your counter.

Tried-and-tested measures are required to boost demand at the fresh produce counter in a targeted manner. An adaptable counter design guides your customers through the assortment, emphasizes high-margin products, and arouses curiosity about new products or specialties. Offers attract customers to brick-and-mortar stores – on-site sales drivers should be enchanting.

Analysis of the current state of your counter

Concept for flexible Modular system

Setup and Consultation on site

Modular plans for counter occupancy create flexibility and save time.

CONSULTATION

Needs assessment and analysis of current situation from counter planning to on-site support

Full service is written in capital letters at PricoPlex. As specialists in professional food presentation, we have offered first-hand knowledge of the needs behind the fresh food counter for more than 50 years. With a custom-made system, we equip your counter functionally, attractively and economically. Your fresh food counter is as unique as your goods. That is why we listen carefully to what is important to you in counter sales. This allows you to set targeted priorities while ensuring order and focused planning. Another important factor: More functionality reduces work steps.

YOUR ADVANTAGES

- ✓ Demand-oriented concept
- ✓ Individual product range support
- ✓ Modular system equipment
- ✓ Customized production as required
- ✓ Delivery and furnishing

COUNTER PLANNING

Actively guide through the assortment with an individual counter plan

Are you wasting valuable presentation space in your deli counter? Do you know the problem of filling quantities – small product in too-large Trays or a lot of product in too-small Trays? Do you want to fill spaces where regular products do not fit? We equip your counter with the most attractive solution: clear lines and more variety in the same space.

- ✓ Structured appearance
- ✓ Targeted assortment management
- ✓ Optimal space utilization
- ✓ Flexible modular system
- ✓ Individual customization

1

Personal advice with competence

Every year, we advise on around 700 new openings and redesigns in specialist butchers' stores and food retailers. We show you how to optimally create dense product presentations.

2

Counter planning according to your needs

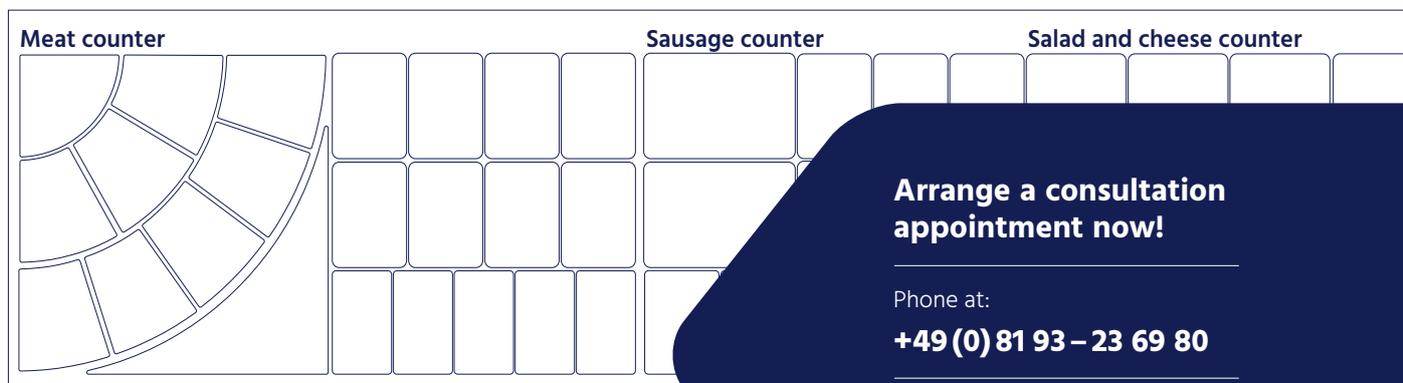

Presentation of sales drivers, sales of fresh goods over the course of the week, presentation of new products, regional differences in consumer behavior - your counter plan takes all requirements into account.

3

On site facility

On request, we can equip your fresh food counter with the new system layout, explain handling and cleaning, demonstrate the wide range of combinations and give tips on how to increase demand.

Make an appointment and have your individual counter plan created!

Whether counter or buffet, table or board – everything individually presented

We design and manufacture according to your specifications, customizing products according to your specific requirements – in the shape you want, the color you want and even with your company logo. Take advantage of our creativity and many years of experience in product development. We will advise you, set schedules, guide you through the entire process and check each development phase for quality.

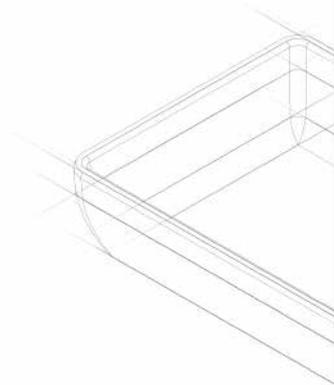

Original design manufacturing

PricoPlex designs and manufactures according to your specifications. Thus, customized products can even be implemented individualized with your own logo. With creativity, our many years of product development know-how and with the best production resources, we guide you through the process and coordinate the individual development phases from your requirement to your finished product.

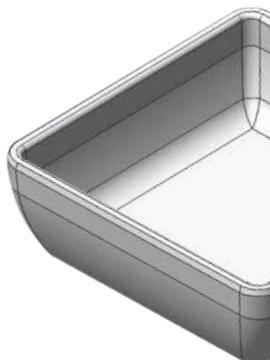

IDEA

It all starts with a basic idea. Thanks to our team, you refine it down to the last detail - tailor-made, individual, creative.

DESIGN

A CAD drawing of your future product provides the final design. We define shapes, colors and surfaces visually.

PROTOTYPE

In 3D printing we produce a prototype, which you receive for approval. Now material and manufacturing technology is defined.

FINISHED PRODUCT

Your product is covered by the PricoPlex quality guarantee-whether a small or large series, whether with your company logo or blank.

Small batch Series production

Do you need a Display Tray or Display Deep Tray in a specific design, e.g. for individual solutions in the corner? Do you need an exciting presentation idea for new product groups that you want to introduce? We manufacture your individual Series in the desired quantity – let us advise you.

Branding

Your company logo or a specific unique selling proposition (e.g. „Homemade“) attached directly to the product ensures more attention at your fresh food counter or buffet. We create individual branding using laser technology.

Customized

For every corner and every angle of your counter: You want an individual solution according to your desired dimensions? Feel free to contact us, because individual solutions are our competence.

Make a consultation appointment with one of our customer consultants now to learn more about suitable solutions or to make a plan.

Phone at:

With a diverse range appeal to all senses and whet the appetite for more

Whether at the meat counter, the snack counter or in catering: different product areas have individual requirements for food presentation. Our modular presentation system takes into account all product areas together with their specific characteristics: Fresh fish on ice, liquid marinades, small delicatessen specialties, large cheese wheels, delicately sliced ham, salads to go and much more.

Many of our products can be used in any range of goods. We will be happy to work out the right solution for any assortment and offer the appropriate recommendation based on our many years of experience.

TIPS & TRICKS

Finger food and co. beautifully presented immediately whets the appetite – the exciting combination of your plates in a transverse and longitudinal arrangement becomes an eye-catcher.

PLATES IN GN SYSTEM SIZE

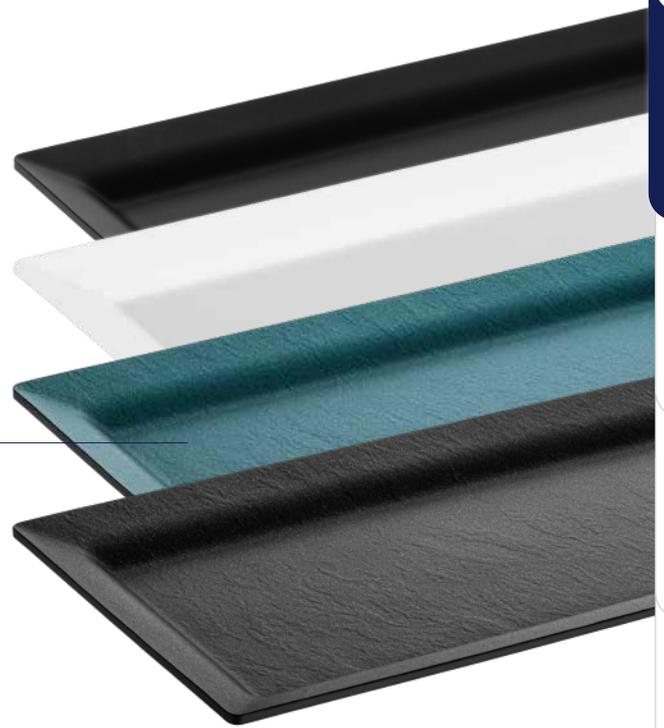

Tableware Plates Series CATE

The CATE series has been specially developed for use in catering and buffets. With CATE, we support you from transportation to serving and cleaning. Cold buffets, from hearty dishes to fish and desserts, are skillfully presented on different colored plates and surfaces.

IHRE VORTEILE

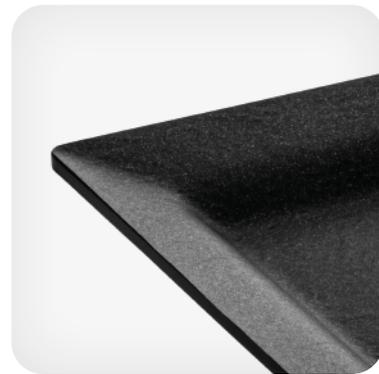

- ✓ All plates available in GN sizes
- ✓ Wide rim for safe transportation
- ✓ Weighs just a quarter of a ceramic plate
- ✓ Dishwasher-safe and easy to clean
- ✓ Robust, hard-wearing material
- ✓ Matt surfaces: 

Easy to clean & marinade-resistant

Matt surfaces in various colors

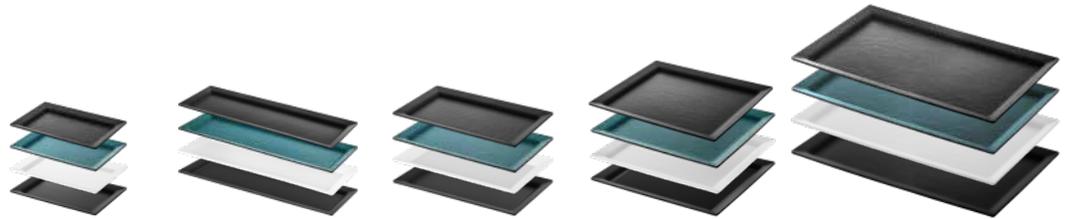

With surface texture (graphite stone)

TIPS & TRICKS

The lightweight plates are easy and safe to carry and the impact-resistant material ensures that nothing breaks during transportation and presentation. After the event, the dishwasher-safe and easy-to-clean plates reduce your workload.

EXPERT TIP

Christian Priebe
Managing Director
PricoPlex

By using color contrasts and different shapes and surfaces for your Trays and Deep Trays, you create targeted, visually distinct and quickly recognizable separations between individual product groups, varieties and different origins, e. g. vegan, organic, poultry, fish ...

THE CUSTOMER FAVORITE

Trays and Deep Trays Series FRESH

with Compatible Accessories

An evergreen product with a wide range of combinations: For years, the Series FRESH has been a real perennial favorite. Completely justified, because these Trays and bowls are available in a very wide range of system sizes.

YOUR ADVANTAGES

- ✓ More presentation possibilities through variety
- ✓ Reinforced edge
- ✓ Easy to combine
- ✓ Stackable to save space
- ✓ Can be placed as lid on display bowls
- ✓ Glossy colors: 

ACCESSORIES FOR SERIES FRESH

Patented Honeycomb-Bottom Insert

- ✓ Preserve the natural color of the meat
- ✓ Replace the use of paper as a base
- ✓ Prevents meat discoloration for up to 72 hours (for beef)
- ✓ Minimize weight loss of fresh meat due to storage weight loss
- ✓ Matt surfaces: 
- ✓ Glossy surfaces: 

Inlays / insert plates

- ✓ For beautiful visual accents
- ✓ Particularly natural look
- ✓ Can be customized using laser technology
- ✓ Slate and Wood look: 

Sieve inserts

- ✓ Insert for the bottom of the bowl
- ✓ For presentation of fish, offal, goulash, etc.
- ✓ Product does not lie in its own juice
- ✓ Color: Transparent 

Lid with Spoon Recess

- ✓ Prevents dehydration of the goods
- ✓ Spoon can remain in the container
- ✓ Color: Transparent

EXPERT TIP

Klaus Wydra
PricoPlex
Customer Consultant

“We are seeing an increasing variety in the fresh food counters. For optimal presentation, we recommend different shapes, sizes and surfaces of the containers, which complement each other perfectly.”

FOR STRIKING STAGINGS

Trays and Deep Trays Series NEO

with Compatible Accessories

The noblest way to make the best quality stand out more: Wide edges create space and add that extra class due to their fine-table surfaces. Use them to draw attention to products that are high-yielding, such as higher-priced quality products or goods from in-house production.

YOUR ADVANTAGES

- ✓ Framing edge shape
- ✓ Promotes serving character
- ✓ Grippy, rounded edges
- ✓ Perfectly combinable
- ✓ Glossy colors:
- ✓ Matte surfaces:

ACCESSORIES FOR SERIES NEO

Patented Honeycomb-Bottom Insert

- ✓ Preserve the natural color of the meat
- ✓ Replace the use of paper as a base
- ✓ Prevents meat discoloration for up to 72 hours (for beef)
- ✓ Matte surfaces:
- ✓ Glossy surfaces:

For more information, see Page 10 / 11.

Inlays / insert plates

- ✓ For beautiful visual accents
- ✓ Particularly natural look
- ✓ Can be customized using laser technology
- ✓ Slate and Wood look:

EXPERT TIP

Fritz Gempel
Management Consultant
and Master Butcher

Small counters are best equipped with space-saving Display Trays to avoid wasting space. A narrow edge promotes a dense arrangement without making the display look crowded.

If you still lack space, you can use Layered Displays to expand your display area to offer snacks outside the counter. This has a close-up effect and significantly increases customer attention.

SUBSTRUCTURES FOR BEST UTILIZATION

Stepped Displays

with Compatible Accessories

An asset on several levels: Whether 2-, 3- or 4-level Stepped Displays – they give your display a special depth effect. With the right display, you make optimal use of the entire counter depth, and the 3D effect moves the products closer into the focus of attention.

YOUR ADVANTAGES

- ✓ Best use of counter depth
- ✓ For increased customer attention
- ✓ Easy handling

TIPS & TRICKS

Stepped Displays have the advantage that they are removable and therefore easy to clean. The closed form of the steps ensures that the merchandise floor displays get much less dirty.

Different heights promise a lively, spot-on presentation. The displays are also an asset freestanding, for example at the buffet.

ALL-AROUND SUCCESSFUL INNOVATION

Circular Turntable Displays

with matching
individual elements

The eye-catcher that drives spontaneous purchases. The outstanding appearance offered by our Circular Turntable Displays gains an elegant and functional frame with the all-around stainless steel ring. Containers can be refilled and replaced easily and quietly, providing convenient support for counter staff. The Display Trays can be combined with each other and extended.

YOUR ADVANTAGES

- ✓ Variable Display Tray combinations
- ✓ Optimal also for counter angles
- ✓ Facilitates usability
- ✓ Increases customer attention

KEY DETAILS

- ✓ Easily reloadable base plate
- ✓ Railing made of high quality stainless steel
- ✓ Plate made of elegant artificial slate

Counter Tops

with Compatible Accessories

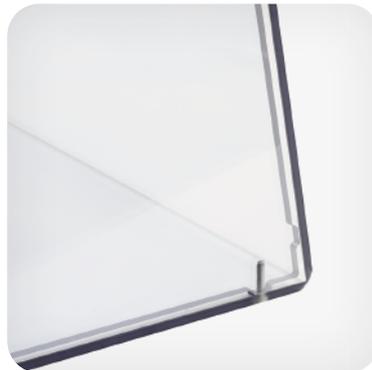

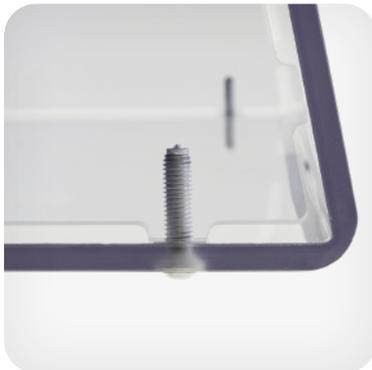

For that special something in your display: the popular Counter Top creates an additional presentation area – highly visible, within reach and top-hygienic. Now in a new design: made of impact-resistant polycarbonate and mounted with stainless steel screws. Body and side walls have a reduced material thickness – the countertop is easier to move and handle. Integrated rubber feet guarantee a firm surface grip. Offering excellent ventilation and easy cleaning.

YOUR ADVANTAGES

- ✓ Very stable thanks to high material strength
- ✓ Increases customer attention
- ✓ Even sturdier construction thanks to the screw connectors
- ✓ Easy cleaning thanks to side openings
- ✓ With side vents

COMPATIBLE ACCESSORIES

Display Trays different Series

- ✓ Creates high quality focal points
- ✓ For easy removal of goods
- ✓ Fits exactly into the Counter Tops

Decorative Panels in Wood and Slate look

- ✓ For beautiful visual accents
- ✓ Particularly natural look
- ✓ Can be customized using laser technology
- ✓ Slate and Wood look:

EXPERT TIP

Peter Schneider
PricoPlex
Customer Consultant

Create culinary gems on and next to the counter: Counter Tops are ideal for goods that do not require refrigeration, and create an area to place additional sales or offers. Cases are also ideal to offer a tasting, e.g. with our tasting plate (see Page 133).

General terms and conditions

§ 1 Geltungsbereich

- Die nachstehenden Allgemeinen Geschäftsbedingungen gelten ausschließlich für Verkäufe von Waren und sonstige Leistungen durch uns, PricoPlex GmbH, gleich ob diese Geschäfte online oder offline abgeschlossen werden. Es gelten die nachstehenden Allgemeinen Geschäftsbedingungen in ihrer jeweils im Zeitpunkt des Vertragsschlusses gültigen Fassung. Davon abweichende oder entgegenstehende Bedingungen der Käufer werden von uns nicht anerkannt, sofern diese nicht ausdrücklich zwischen PricoPlex GmbH und dem Kunden schriftlich vereinbart worden sind. Die Durchführung der Leistungen ist nicht als eine solche Zustimmung zu werten.
- Die vorliegenden Allgemeinen Geschäftsbedingungen gelten ausschließlich gegenüber Unternehmern iSd § 14, 310 Abs.1 BGB.

§ 2 Vertragsschluss

- Wir verkaufen unsere Waren und sonstigen Leistungen ausschließlich an Unternehmer iSd § 14 BGB.
- Bei Aufträgen, die im elektronischen Geschäftsverkehr (E-Mail, Telefax, Telefon, Online-Shop) abgegeben werden, bestätigt PricoPlex GmbH den Zugang des Angebotes unverzüglich auf elektronischem Wege.
- PricoPlex GmbH ist berechtigt, das Angebot des Kunden innerhalb eines Zeitraumes von 7 Kalendertagen durch Übermittlung einer Auftragsbestätigung anzunehmen. Die Auftragsbestätigung kann insbesondere auch durch Übermittlung einer E-Mail erfolgen. Nach fruchtlosem Fristablauf gilt das Angebot als abgelehnt.

§ 3 Preise und Zahlungsbedingungen

- Alle Preise verstehen sich ausschließlich der jeweils gesetzlich gültigen Mehrwertsteuer ab Betriebsstz von PricoPlex GmbH. Kosten für Transporte, Verpackung oder Versicherung werden gesondert berechnet.
- Zahlungen erfolgen entweder per Nachnahme oder gegen Vorkasse. Bestellungen aus dem Ausland werden nur gegen Vorkasse angenommen und abgewickelt.

§ 4 Leistungspflicht, Lieferbedingungen, Lieferverzögerungen, Annahmeverzug

- Erfüllungsort ist der Geschäftssitz von PricoPlex GmbH.
- PricoPlex GmbH bemüht sich um schnellstmögliche Lieferung. PricoPlex GmbH ist zu Teillieferungen berechtigt, sofern die Teillieferung dem Besteller im Einzelfall zumutbar ist.
- Unsere Leistungspflicht beschränkt sich bis zur Übergabe der Ware(n) an das Versand- bzw. Transportunternehmen auf den in unserem Lager verfügbaren Vorrat von Waren des gleichen Typs und der gleichen Designation. Eine Beschaffungspflicht besteht darüber hinaus nicht.
- Jede Lieferung steht unter dem Vorbehalt, dass PricoPlex GmbH selbst rechtzeitig und ordnungsgemäß beliefert wird. Wird PricoPlex GmbH selbst nicht beliefert, obwohl PricoPlex GmbH bei zuverlässigen Lieferanten deckungsgleiche Bestellungen aufgegeben hat, wird PricoPlex GmbH von der Leistungspflicht frei und kann vom Vertrag zurücktreten. PricoPlex GmbH ist verpflichtet, den Kunden über die Nichtverfügbarkeit der Leistung unverzüglich zu unterrichten, und wird jede schon erbrachte Gegenleistung des Kunden unverzüglich erstatten.
- Wird die Ware auf Wunsch des Bestellers an diesen versandt, so geht mit der Absendung

an den Besteller, spätestens mit Verlassen der Geschäftsräume von PricoPlex GmbH die Gefahr des zufälligen Untergangs oder der zufälligen Verschlechterung der Ware auf den Besteller über. Dies gilt unabhängig davon, ob die Versendung der Ware vom Erfüllungsort erfolgt oder wer die Frachtkosten trägt.

§ 5 Gewährleistung, Beschaffenheit der Waren

- Wir bemühen uns immer, die Angaben zu unseren Produkten und deren Abbildung mit größtmöglicher Sorgfalt und Korrektheit zu leisten. Soweit der Besteller von uns doch einmal mangelhafte Ware erhalten hat, ist er im Rahmen der gesetzlichen Gewährleistungsbestimmungen berechtigt, Nacherfüllung zu verlangen, vom Vertrag zurückzutreten oder den Kaufpreis zu mindern, vorausgesetzt der Besteller ist seinen nach § 377 HGB geschuldeten Untersuchungs- und Rügeobliegenheiten ordnungsgemäß nachgekommen. Hierzu hat der Kunde die Ware unverzüglich auf Mängel und Beschaffenheit zu untersuchen und im Falle von offensichtlichen Mängeln, innerhalb von 10 Tagen anzuzeigen. Werden Waren mit offensichtlichen Schäden an der Verpackung oder am Inhalt angeliefert, so hat der Kunde dies sofort beim Spediteur/Frachtdienst zu reklamieren und die Annahme zu verweigern. Zudem ist unverzüglich mit PricoPlex GmbH unter Anzeige der Schäden Kontakt aufzunehmen. Des Weiteren können dem Käufer Schadensersatzansprüche zustehen.
- Mängelansprüche bestehen nicht bei nur unerheblicher Abweichung von der vereinbarten Beschaffenheit, bei nur unerheblicher Beeinträchtigung der Brauchbarkeit, bei natürlicher Abnutzung oder Verschleiß wie bei Schäden, die nach dem Gefahrübergang infolge fehlerhafter oder nachlässiger Behandlung, übermäßiger Beanspruchung, ungeeigneter Betriebsmittel, oder aufgrund besonderer äußerer Einflüsse entstehen, die nach dem Vertrag nicht vorausgesetzt sind.
- Sofern im Rahmen der gesetzlichen Gewährleistung ein Rückgabeanspruch besteht, ist der Besteller gegenüber PricoPlex GmbH zum Ersatz der Wertminderung oder des entstandenen Schadens verpflichtet, wenn der Kunde die Verschlechterung, den Untergang oder eine anderweitige Unmöglichkeit der Rückgabe der Ware zu vertreten hat. Eine Verschlechterung der Ware ist vor allem auch dann gegeben, wenn Accessories fehlt oder die Ware nicht in unbeschädigter Originalverpackung zurückgeschickt wird. All dies gilt nicht, wenn die Verschlechterung ausschließlich auf deren Prüfung - wie sie etwa im Ladengeschäft möglich ist - zurückzuführen ist. Im Übrigen kann die Wertersatzpflicht vermieden werden, indem die Sache vom Kunden nicht wie von einem Eigentümer in Gebrauch genommen wird und dieser alles unterlässt, was deren Wert beeinträchtigt. Eine Rückgabe ist ausgeschlossen bei der Lieferung von Waren, die nach Kundenspezifikation angefertigt werden oder eindeutig auf die persönlichen Bedürfnisse zugeschnitten sind oder die aufgrund ihrer Beschaffenheit nicht für eine Rücksendung geeignet sind.
- Hat der Kunde die Ware nicht abgenommen und schuldet er deswegen Schadenersatz, so hat er 20% des Kaufpreises (ohne Mehrwertsteuer) als paubowls Schadenersatz zu bezahlen, ohne dass es eines besonderen Nachweises bedarf, sofern er nicht einen geringeren Schaden nachweist.
- Die Verjährungsfrist für Mängelansprüche beträgt 12 Monate gerechnet ab Gefahrübergang. Hiervon ausgenommen sind Schadensersatzansprüche wegen der Verletzung von Leben, Körper oder

Gesundheit und/oder Schadensersatzansprüche aufgrund von grob fahrlässig oder vorsätzlich verursachten Schäden durch PricoPlex GmbH. Insoweit gelten die gesetzlichen Verjährungsfristen.

§ 6 Eigentumsvorbehalt

- Wir behalten uns das Eigentum an der gelieferten Sache bis zur vollständigen Zahlung sämtlicher Forderungen aus der Geschäftsbeziehung mit dem Besteller vor. Dies gilt auch für alle zukünftigen Lieferungen, auch wenn wir uns nicht stets ausdrücklich hierauf berufen. Während dieser Zeit dürfen die Gegenstände weder weiter veräußert, vermietet, verliehen oder verschenkt, noch innerhalb der Gewährleistungspflicht bei Dritten in Reparatur gegeben werden.
- Bei vertragswidrigem Verhalten des Bestellers, insbesondere bei Zahlungsverzug, sind wir berechtigt, die Kaufsache zurückzunehmen.

§ 7 Aufrechnung

- Eine Aufrechnung mit Ansprüchen von PricoPlex GmbH ist seitens des Kunden nur zulässig, wenn seine Gegenansprüche rechtskräftig festgestellt oder von PricoPlex GmbH anerkannt worden sind.

§ 8 Datenspeicherung

- Gemäß § 28 des Bundesdatenschutzgesetzes wird darauf aufmerksam gemacht, dass die im Rahmen der Geschäftsabwicklung notwendigen Daten mittels einer EDV-Anlage gemäß § 33 Bundesdatenschutzgesetz erarbeitet und gespeichert werden. Persönliche Daten werden vertraulich behandelt. Sollte der Kunde Änderungen, Sperrungen oder Löschungen seiner Daten wünschen, hat er sich zu wenden an

PricoPlex GmbH, Am Mittelfeld 11, 86922 Eresing – Deutschland

§ 9 Schlussbestimmungen, anwendbares Recht, Gerichtszuständigkeit, salvatorische Klausel

- Änderungen oder Ergänzungen dieser Geschäftsbedingungen bedürfen der Schriftform. Dies gilt auch für die Aufhebung dieses Schriftformerfordernisses.
- Ist der Käufer Kaufmann, eine juristische Person des öffentlichen Rechts oder ein öffentlich-rechtliche Sondervermögen, ist ausschließlicher Gerichtsstand und Erfüllungsort unser Geschäftssitz.
- In allen übrigen, vorliegend nicht geregelten Fällen richtet sich der Gerichtsstand nach den gesetzlichen Vorschriften.
- Sollten einzelne Bestimmungen dieses Vertrages unwirksam sein oder den gesetzlichen Regelungen widersprechen, so wird hierdurch der Vertrag im Übrigen nicht berührt.
- Die Geltung des UN-Kaufrechts (CISG) wird ausgeschlossen. Es gilt deutsches Recht.
- Die Rechte des Kunden aus diesem Vertrag sind nicht übertragbar.
- Sollten eine oder mehrere Regelungen dieser Allgemeinen Geschäftsbedingungen unwirksam sein, so zieht dies nicht die Unwirksamkeit der totalen Allgemeinen Geschäftsbedingungen nach sich. Die unwirksame Regelung wird durch die einschlägige gesetzliche Regelung ersetzt.
- Die Geltung des UN-Kaufrechts (CISG) wird ausgeschlossen. Es gilt deutsches Recht.

EXPRESS SHIPPING

Take advantage of our express shipping: With around 15,000 products in stock on-site, our main range is quickly available for you – so if your opening or event is just around the corner, your desired products can be with you within one day.

If you order before 12 noon, you can receive your package the next morning, provided that the products are available in stock. We will be happy to inform you personally about all modalities in this regard.

PRODUCT SAMPLE REQUEST

Just try it out – because not all plastics are the same. Our break-resistant materials and our unique range of surfaces are noticeably different.

Request a sample shipment: See for yourself and order product samples to choose from. This gives you the opportunity to take a close look at our materials in advance.

We will be happy to support you in your decision: Contact us for a consultation.
